

Dear Praying Friends,

Thank you for your prayers and support!

Amy Our eldest daughter Amy (37yrs old) had the results of a colonoscopy and unfortunately they found 2 spots of cancer in a polyp they removed. Thankfully the CT scan doesn't show any spread. Amy will have 20cm of colon removed on 4th Sept. Please pray that no more cancer is found anywhere. We plan to go to Scotland for most of Sept to help when she comes out of hospital and look after her 3 small children. Glenda plans to leave 7th and Rod 12th and both return on 3rd Oct. Please pray for guidance about our plans and for the Lord to look after SECC and other work in our absence and to provide preachers. Most of all that we all grow in grace in this trial.

Baptism We had a baptism in the local river. Two brothers Shinji (14) and Masato (12) professed their faith. Pray for them to grow in grace. Glenda sadly missed it because of a light bout of covid.

Baptism of Masato

Events. In October we are planning an evangelistic meeting and 'potato & pork stew picnic' in our church at Nishi Nakada. This is a tradition in our part of Japan. So please pray that neighbours and family members drop in.
